D

LIST OF LANDS IN THE FOREST PRESERVE.

Report of the Superintendent of Forests.

ALBANY, N. Y., *March* 23, 1901.

Forest, Fish and Game Commission:

SIRS.—I have the honor to submit herewith a list of lands constituting the Forest Preserve. Though of little or no interest to the general public, it is the most important and valuable publication issued by the Department. It is the basis of the entire landed business of the Commission. In this printed list will be found, convenient to hand, full information as to what land the State owns in the Forest Preserve counties, the acreage of each lot, and its location. The source of title is also stated,—whether acquired at tax sale, by purchase, foreclosure of mortgage, or sale of bonded lands. If acquired by tax sale, the year in which the sale was held is given; and, if by purchase, the year when the property was bought.

From these schedules the draughtsman obtains the information which enables him to show in colors the State lands on the Adirondack and Catskill maps, and to thus indicate definitely the location of each one of the 5,934 separate parcels of land which constitute the Forest Preserve. With this printed list of lots, each forester knows which lands are in his care and custody, and the property that requires his supervision or watchcare.

In section 216, chapter 20, Laws of 1900, the Preserve is defined as follows:

The Forest Preserve shall include the lands owned or hereafter acquired by the State within the county of Clinton, except the towns of Altona and Dannemora, and the counties of Delaware, Essex, Franklin, Fulton, Hamilton, Herkimer, Lewis, Oneida, Saratoga, St. Lawrence, Warren, Washington, Greene, Ulster and Sullivan, except

1. Lands within the limits of any village or city, and
2. Lands not wild lands acquired by the State on foreclosure of mortgages made to loan commissioners.

The second exception renders it difficult in some instances to determine whether a parcel of land belongs to the Preserve. A farm property, sold under foreclosure, may contain a large tract of woods or "wild land" as well as cleared or cultivated ground. The question then arises whether the portion containing the woodlands does not belong to the Preserve.

It is not always easy to draw the line between wild land and pasture. Then, again, some of the areas acquired by the State under foreclosure of mortgages made to loan commissioners are now abandoned farms that have grown up to brush or trees, and which in a few years will become second-growth forests. For these reasons several lots obtained through foreclosures are included in the list.

The list contains, also, some lands acquired through tax sales, the title to which may be doubtful, owing to errors on the part of the assessors or tax collectors. These errors had not been discovered at the time of the tax sale, and so the title to the lands passed nominally to the State. As these lots are entered upon the books of the comptroller as State land, it becomes necessary to include them here as part of the Forest Preserve. In fact, these lands with

their disputed titles cannot be stricken off the schedule except by order of the courts or action of the legislature

The large tract in Franklin county, bought by the Forest Preserve Board, but now in use by the State College of Forestry, is included here as a part of the Forest Preserve in accordance with the law which provides that it "shall include the lands owned or *hereafter acquired* by the State." The Commission, however, has excepted this tract in its administrative work, for the land was deeded in trust to Cornell University for thirty years, during which time the university, as provided by law, "shall have the title, possession, management, and control of such land," for the purpose of maintaining the State College of Forestry.

A list of the various parcels in the St. Lawrence Reservation or International park is appended for convenient reference, but it is not included in the schedules of the Preserve; for some of these Reservation lots are situated in Jefferson county which is not one of the sixteen counties mentioned in the law constituting the Forest Preserve. These lots, which were purchased by the State in 1897 and 1898 through a special appropriation for that purpose, are situated on various points or islands in the St. Lawrence river in the vicinity of the Thousand Islands. They are under the care and control of the Commission, and though not wild or forest lands are properly a part of the Preserve.

For further reference and information there is appended also a list of the lands owned by the State in the towns of Altona and Dannemora, Clinton county. In the forestry law these lands are excluded from the Forest Preserve, it being understood at the time this law was framed, in 1885, that the timber on them would be needed for the use of the State prison at Dannemora.

It is doubtful whether some of the State lands in the adjoining towns are properly a part of the Forest Preserve, owing to a

provision in section 67, chapter 208, Laws of 1894, which reads as follows :

“ All uncultivated lands belonging to the State of New York, or which may hereafter become the property of said State, and which shall be situated within ten miles of the Clinton prison, shall be withdrawn from sale, and shall be retained by the State for the use of said prison.”

But when the forestry law was codified and re-enacted in 1900 the section defining the Forest Preserve made no exception of lands within ten miles of the prison, and excluded only the State holdings in Altona and Dannemora.

The acreage of the Forest Preserve by counties is as follows :

ADIRONDACK PRESERVE.

	Acres.
Clinton	20,105
Essex.....	226,880
Franklin	159,633
Fulton.....	21,426
Hamilton	566,578
Herkimer	144,175
Lewis.....	4,530
Oneida	6,637
St. Lawrence ..	34,683
Saratoga	11,588
Warren	107,963
Washington	2,129
	1,306,327
	1,306,327

CATSKILL PRESERVE.

	Acres.
Delaware.....	12,936
Greene	3,588
Sullivan	888
Ulster	58,265
	75,677
	75,677

SUMMARY.

	Acres.
Adirondack preserve.....	1,306,327
Catskill preserve	75,677
	<hr/>
Total	1,382,004
	<hr/> <hr/>

This acreage is constantly increasing through the purchases of the Commission. In fact it is considerably greater at this date than the above figures indicate, owing to lands that were purchased but not conveyed at the time these schedules were completed.

The State acquired some lands at the comptroller's tax sale held last year, lands which in time will become a part of the Forest Preserve. But until the period of redemption expires it will be impossible to say with any accuracy how large this acquisition will be. By the previous tax sale, that of 1895, the Forest Preserve was increased 39,564 acres. There was no sale between 1895 and 1900.* It is not expected that the sale of last year will yield as large an acreage as that of 1895.

As previously stated here the Forest Preserve consists of 5,934 separate lots or parcels of land, mostly of 160 acre lots. Some tracts are surveyed out in parcels of 200 acres each, and some townships are subdivided into mile square lots. Some townships containing 30,000 acres are merely quartered. And so the lots vary from quarter-sections of 40 acres to quarter-townships of 7,500. But, whether small or large, each one of these 5,934 parcels of State land in the Forest Preserve has its own surveyed boundary, stands on its own title, and is a distinct, independent piece of real estate. Several of these lots, when purchased, may be conveyed to the State in the same deed; but one does not have

* Since 1871 the tax sales have been held in the following named years: 1871, 1877, 1881, 1885, 1890, 1895 and 1900.

to go back very far in the abstract of title before there is a divergence in the line of ownership. Your attention is thus called to the large number of separate properties in order to give a better idea of the work necessary in keeping a proper record of all this real estate and protecting the various titles.

The sources of title to the lands in the Forest Preserve are classified thus:

	Acres.
Tax titles	781,476
Purchase	590,559
Bonded lands	9,969
	<hr/>
Total	1,382,004
	<hr/> <hr/>

Of the 563,184 acres purchased, 420,184 acres were bought by the Forest Preserve Board since its organization in May, 1897.

Of the 1,306,327 acres in the Adirondack Preserve, 124,085 acres are situated outside the boundary of the Adirondack Park, some of these lands being a long way distant from the main forest. There is a difference between the Forest Preserve and the Adirondack Park which does not seem to be generally understood. The Forest Preserve includes all the State lands in the Adirondack and Catskill counties, while the Adirondack Park is limited to certain towns in the Adirondack counties and does not include the Preserve lands outside its boundary.

I desire to acknowledge here the valuable services rendered by Mr. A. B. Strough, of this office, in compiling and tabulating the following schedules. His faithful attention, combined with his previous experience in this particular class of work, insures its accuracy and reliability.

I would respectfully suggest that this land list be printed as a separate, or second volume of the annual report. As the work

contains no reading matter, or little of interest to the general public, the edition can be limited to such number only as may be necessary for the use of the officials, fire wardens and foresters, with some additional copies for the Comptroller's office, and to supply the demand made by people who own adjacent lands.

- WILLIAM F. FOX,

Superintendent State Forests.
